catalog prices

Second Edition - May 6th - 1996

SEE YOUR DEALER FIRST. . .

Please try to obtain SIG products from your local hobby shop. If he is not currently a SIG dealer, ask him to contact us about becoming one. If there is not a SIG dealer close to you, or if your dealer doesn't carry the items that you want, then we invite you to order direct from our factory.

ORDERING INSTRUCTIONS. . .

You can place an order by mail, using the convenient order blank included with this catalog, or by phone using our toll-free 800 number. All orders, regardless of size or complexity, are handled with the same degree of importance and attention to detail. The more complete the information you provide to us at the time you place your order, the faster and more accurately your order can be filled. It is most important that you list the Quantity, the Product Code Number, and a Description of each item that you want. Also, please give us your full name and shipping address. The order blank has a space for each of these important bits of information, and providing it will speed your order considerably.

PAYMENT. . .

Minimum order is \$5.00 when sending a check or money order. We do not sell open account, but we will accept VISA or MASTERCARD charge accounts. Minimum order when using VISA or MASTERCARD is \$15.00. Credit card customers should include a phone number where you can be reached during the daytime. All orders will be billed according to the current prices in effect on the day we receive your order. **PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.**

POSTAGE & HANDLING. . .

Add \$3.50 postage and handling to all orders under \$20.00. There is no shipping or handling charge for orders of \$20.00 or over. Because of post office regulations the following products can only be sent via U.P.S. or commercial freight carrier: SIG-Ment, Supercoat Clear Dope, Foam Bond Thinner, Plastinamel Thinner, Contact Cement, Kwik-Bond, Foam Bond, and any dope or fuel ordered in gallon containers. Please include your street address for U.P.S. or freight shipments, not a P.O. Box number. Any extra postage costs incurred in forwarding packages due to address changes or errors not the fault of SIG Mfg. Co. will be billed to the customer.

FOREIGN ORDERS. . .

We welcome orders from foreign customers. Unfortunately, procedures for doing so are a bit more complicated than for U.S. orders. Like a U.S. customer, we ask that foreign customers check the SIG dealer listing elsewhere in this catalog to see if there is a dealer in your country. Buying from the SIG dealer in your country is the most economical way to purchase SIG products. If there is not a SIG dealer in your country, or if he is located too far away from you, we invite you to order direct from our factory. All payments from foreign customers must be made in U.S. funds in the form of an International Money Order, a bank draft drawn on a U.S. bank, or by VISA or MASTER CARD. No foreign cash or personal checks will be accepted. On orders totally less than \$20.00, add \$5.00 for postage and handling. For orders of \$20.00 or more, add 20% of order value.

Please allow an additional amount for airmail or UPS shipments (if available in your area). Foreign orders over \$25.00 will have an additional charge for insurance. APO or FPO (PAL) orders require an additional \$1.00 charge per package. All overseas parcels must observe the following general dimensional limits. Greatest length: 42 inches, greatest length and girth combined: 72 inches. Canadian orders can be 48 inches length and girth combined, with the exception of Ontario, Canada which can be 108 inches length and girth combined. Fuel cannot be shipped out of the continental U.S.A. due to postal regulations.

RETURN POLICY. . .

Merchandise cannot be returned or credited without written permission from us. Please state your exact reason for return. No credit will be given for merchandise purchased from another supplier. Returns should be well packed and insured against damage. Outgoing postage will not be refunded. In general, to be accepted, merchandise must be unused and undamaged, including display boxes. The guarantee on radio equipment, power tools, engines, etc. is given by the manufacturer of the product. Send in the warranty cards when they are included with guaranteed merchandise. Write directly to the manufacturer about defect or repairs. We will replace any SIG kit parts found to be missing or defective due to factory error. Please return the packer's slip placed in each kit when reporting problems, state the name of the dealer from whom the kit was purchased and whether it was sealed in transparent wrapping at time of purchase. It is impossible for us to stock parts to cover shortages from the kits of other manufacturers. Write to the manufacturer directly for missing part replacement. In accepting delivery of boxes from us which have been damaged in transit, be sure and get the signature of the delivery man on the delivery forms certifying that the shipment arrived in bad condition. Notify us at once with specific details of the damage of merchandise in the boxes. We recommend UPS instead of parcel post wherever possible.

SIG PRODUCT LIMIT OF LIABILITY. . .

SIG Manufacturing Co.'s only obligation shall be to replace such quantity of the product proven to be defective. User shall determine the suitability of the product for his or her intended use and shall assume all risk and liability in the connection therewith.

SIG MANUFACTURING COMPANY, INC.

Catalog Price List Key . .

Please note that there are some items we have, that are not listed in the catalog. When ordering, please ask about an item if you do not see it in the catalog.

Also, when you see an item in the price list that has a line through it, this item is discontinued and we no longer carry it.
