Model Builders who wanted to “Build Them All”
asked for these “SIX-in-a-Box” Plastic Groups

Comet’s 29c and 39c plastic models made such a “hit” with model builders, that many bought all six models in each series. So we figured: “Why not pack each group in squadron form—six in a box?” Result: the “SQUADRON of SIX” containing all of our 29c plastics at a money-saving unit price—and the “BIG 6,” which gives you all of our 39c plastics in one handy package—also at a saving! Each box is a striking, full-color masterpiece—and the individual planes are neatly boxed inside. You’ll get a real thrill whichever you buy—why not buy them both?

The “Squadron of Six”

Included in this stunning full-color box are all these famous jets and fighters:

KIT PL-1 GRUMMAN F9F-4 COUGAR
KIT PL-2 N. AMER. F-100 SUPER SABRE
KIT PL-3 LOCKHEED F94C STARFIRE
KIT PL-4 DOUGLAS F3D SKYKNIGHT
KIT PL-5 DOUGLAS F4D SKYRAID
KIT PL-6 REPUBLIC F84F THUNDERSTREAK

$169

The “BIG SIX”

This well-balanced group includes all six of our 39c plastics—jets and executive planes—in a big box at a price that makes it a real value:

Get the MOST FUN for the LEAST MONEY with COMET'S JET FIGHTER-GLIDER

A "stunt" glider you put together in minutes, that gives you a world of "kicks"! Big 11-1/2" wingspan. 8-1/2" fuselage made of clear, quality balsa, color-printed. Every part completely finished and ready to put together in a jiffy; each glider in an individual protective bag. Inserted nose weight. Watch 'til you see it loop the loop, soar, dive, or just sail along! Another great Comet value at only 10c!
Comet Model Boats

To the model builder who has a keen interest in boats, Comet offers a complete line of authentic and realistic models, all with a wealth of detail. And you get a lot of boat for the money, thanks to Comet's manufacturing know-how and mass-production.

KIT NO. J4 SUBMARINE—A remarkable realistic model of Uncle Sam's P-5 Submarine, with 8 cur-                    pulse tubes. Direct deep, armor-                    ged against enemy torpedoes.       18" long .................................. 75c

KIT NO. J6 DESTROYER—A real-life model of the heroic destroyer which conveyed our big                    ships through enemy-washed waters. 15" long .................................. 75c

KIT NO. J2 PATROL TORPEDO BOAT—Realistic model of the                    famous PT9—the "Sokol" of World War II. Four harpoons tubes, capable of 30 knots. 15" long. 75c

KIT NO. J5 AIRCRAFT CARRIER SARATOGA—From the flight deck                    of this famed carrier our fighter                    planes were to meet and defeat the                    enemy. We have reproduced the SARA-                    TOGA faithfully in this uncorgin-                    ized kit. 12" long .................................. 75c

The J-3, J-4, J-5 and J-6 have shaped boiler hull, clearly printed boiler parts, special gauge wire for                    most where required, authentic refit                    parts and markings, and to-follow                    detailed plans, boiler partial and other extras.
